

Happy New Year to Nursery and Reception!

Here are some activities to have a go at today...

Look for some footprints in the snow, this might be in your garden or front yard. Where are they going? Where have they come from? Do you know who the footprints could belong to?

If you haven't already, build a snowman! Find 2 stones for the eyes, 2 long twigs for the arms and then add some buttons, maybe your snowman needs 4 or 5 buttons. Can you count them?

Use your finger or a stick to write your name in the snow? Think about the letters you need.

Reception... have a go at writing as many graphemes as you can remember, write either in snow or on a window.

With an adult to help (and if they let you), collect some snow in a pot and bring it inside. What do you think will happen? Watch the pot of snow over the day and see what happens to it?

After exploring outside, snuggle up inside with a big blanket and read your favourite story. Talk about the characters and the part you like most.

Ask your grown up at home to take some photographs of your fantastic day and post them on Tapestry, we would love to see them.
