

Tuesday 7th January 2025

What a slippery day out there, if you do go outside, please make sure you keep safe and watch out for the ice!

Did you get any new toys or games for Christmas? Or you can draw a picture of yourself with your favourite game/toy. Perhaps you went on away for a holiday?

Nursery - can you tell someone at home what your favourite new game or toy is? Where did you go? What did you see?

Reception - can you write a label for your picture? Draw something linked to your holiday or day out. If you got a doll or a truck, have a go at writing some of the phonemes you can hear in the word.

We are going to be thinking about number to 5. Can you find 5 things to count around your house. It might be 5 books, 5 cars or 5 teddies.

How about you try writing your numbers to 5?

Did anyone collect any snow? What happened to it? Have a think about why it might have ended up like it did? Do the same with some ice? Maybe does ice take longer to melt than snow?

Can you remember any of our rhyme challenge songs from before the Christmas holiday? Have a go singing some of them at home (see links)

Thank you to those who shared your photographs, we will look at these later in the week in our sessions. The children always love looking at themselves with their friends
