Recently we have seen increasing cases of head lice reported in school.

Head lice are very common in children's hair and are spread easily through head to head contact.

NHS England recommend that you should check everyone in the house and start treating anyone who has signs of head lice on the same day. Treat head lice as soon as you spot them, you can treat head lice without seeing a GP. Head lice can be treated by purchasing lotions from your local pharmacy or another method includes wet combing using conditioner.

If you would prefer to use the wet combing method please take a look at this web site -

[For Parents - Community Hygiene Concern \(chc.org\)](https://www.chc.org)

There's no need to keep your child off school if they have head lice.
