

# Stronger Together Partnership

Birkenshaw CE (C) Primary School

High Bank J, I & N School

Scholes Village Primary School

Whitechapel C of E Primary School

## Welcome to the Stronger Together Partnership.

We are a partnership of four like-minded primary schools working together to act as a genuine force for the improvement of our schools. Through honest discussion and debate, we have realised a mutual philosophy in improving outcomes for our children, their families and our communities.

Our schools have compatible strengths and we are committed to working with each other as a combined unit to strengthen school performance and meet future challenges. Our aim is to identify areas on which we can collaborate to help improve learning, achievement and outcomes in our schools.

We have established two key areas of work for 2016 - 2017:

To improve children's attainment and progress in maths, developing a mastery approach  
and

To enhance learning and progress through evidence-based intervention strategies
