

**Using the Sports Premium at High Bank Junior Infant &
Nursery School 2017-2018
(Review of 2016-17)**

Review of 2016 – 2017

During the academic year 2016 – 2017, the school received a total of £8510. The impact of this funding achieved the following outcomes:

- Improved participation in a wider range of sports for all children;
- Access to a range of out of school clubs including football, netball, dance, multi-sports and circuits;
- Specialist coaching for PE lessons in school;
- Holiday sports clubs introduced during the Summer
- Trained play leaders to support playtime games;
- A Year 6 residential to participate in adventurous activities;
- Improved sports resources including specific kits for Lunchtime activities
- Professional development opportunities for teachers;
- Up-skilling of all teachers by qualified sports coaches;
- A House Sports system to encourage competition in sport;
- Swimming for children in Years 3, 4;
- Year 6 leavers 2017: 97% could swim competently, confidently and proficiently over a distance of 25 metres with 29% able to use a range of strokes and perform safe self rescue
- To evidence our improved participation and raised opportunities in sport, the school was awarded the Sainsbury's School Games Silver Mark in 2016 this has supported Improved participation and success in inter-school tournaments.

School Year 2017 – 2018

The school will receive a grant of £16000 + £10 per pupil during the current academic year. Using the Ofsted criteria, identified in its inspection framework documentation, the school has built on the successes of last year to further improve participation and opportunities in sport.

Aspects Identified as good practice	Schools interpretation
Buying in to existing local sports networks such as school sports partnerships	<i>School is part of the Family of Schools and Stronger Together partnerships which both provide opportunities for inter school sports and CPD opportunities for staff.</i>
Providing places for pupils in after school sports clubs	<i>School currently funds a range of after school sports clubs including netball, multi-skills, football and games which are run by accredited coaches. In 2017 we have introduced Holiday Sports Clubs at school to build on the successes of after school sports clubs.</i>
Providing training and payment for midday supervisors to introduce playground games at lunchtimes Training for the use of the Outdoor Gym	<i>A group of Year 5/6 play leaders are trained to introduce playground games at lunchtimes. Our Lunchtime Supervisor has also received relevant training to support this development. Pupils have been trained by qualified sports coaches on the use of the Outdoor Gym facilities.</i>
Providing extra, additional activities such as outdoor and adventurous activities	<i>We have a cross country team who take part in inter school competitions. Our Year 6 children attend a residential at Robin Wood activity centre and are involved in a range of adventurous sports and activities. We also work with Kirklees Neighbourhood Housing to provide Forest School</i>

	<i>activities.</i>
Purchasing specialist equipment and teaching resources to develop non-traditional activity.	<i>We have provided outdoor gym equipment for lunchtimes and we are improving our sports equipment resources for our PE lessons and after school sports, including team strips for the children. We are also providing 'Bikeability' lessons for our year 6 children and 'Balance Bikeability' for KS1 children. We have bought bikes and safety helmets to allow all of the children to participate. We have installed artificial grass under and around 3 of the play areas. This will enable pupils to use the areas when wet without transferring mud onto clothing / shoes or back into school. Allowing more access to outdoor play activities.</i>
Hiring qualified sports coaches to work with primary teachers when teaching PE	<i>In addition to coaches running after school clubs, we work in partnership with Legacy Sports to provide coaches in PE lessons for all children. This also helps the teachers to improve their own PE skills in the long term. In 2017 we have expanded this to provide support staff with CPD to improve their knowledge of activities in school.</i>
Paying for professional development opportunities for teachers in PE and providing cover to release primary teachers for professional development in PE and sport	<i>Our PE Coordinator attends professional development courses which she can cascade to the rest of the staff to develop her own area of expertise. Cover is provided to release her from the classroom to support this.</i>
Running sports competitions or increasing pupils' participation in school games	<i>To develop a competitive element to sport which links to the whole school behaviour policy we have introduced a Dojo system. Each pupil is allocated to one of four areas: Sapphire; Citrine; Emerald; Ruby; They collect Dojo points which are added together and reported on weekly with certificates awarded in Celebration Assembly. In 2017 we have introduced Freddy Fit to the pupils and staff with a whole school event which will be repeated during the academic year</i>

A large number of children attend after school sports activities. When they receive an award at the club the school presents the child with their award in Celebration Assembly. This has raised the profile of the activity and the achievement.

A range of sports clubs are delivered on site and all providers have their own teams/clubs that they promote to the children and parents for further take-up of the sports out of school hours.

Swimming is provided weekly for Years 3 and 4 and swimming certificates are presented in celebration assembly. In addition the school takes part in the local swimming gala each year.

The importance of health and fitness is enshrined in the school curriculum.

We have now achieved the Sainsbury's School Games Silver Mark which we are very proud of.

As a result of the schools engagement and commitment to PE and physical activity all children can develop positive and productive approaches to living a healthy and active lifestyle.
